FACILITIES UPGRADES

We have recently completed two important projects in our school. The school has had an upgrade to its power supply, which was long overdue! The school was built in the days when computer networks and air-conditioning were only very futuristic amenities. Now that we have a fully air-conditioned school that houses an extensive computer network and interactive whiteboards, we need a power supply that can fully support them. No longer will we lose power and lights when we have everything operating! We have also installed a new communication system throughout the entire school. This includes updated telephones and a state of the arts intercom system connected to every room in the school. No more smoke signals will be required!

WHAT A GREAT EFFORT!

Our Easter raffle raised in excess of \$1334.33. Congratulations to our Fundraising Committee for organising this wonderful fund-raiser and many thanks to all those who supported it.

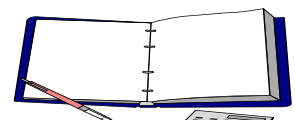

THANK YOU

Thanks again to all those parents who are helping us to ensure that the unmade extension of Tintern Avenue is a safer area. However, some parents are still asking their children to climb over the fence and others are lifting their children over it. Students are NOT to go over any school fence and they are breaking school rules if they do so. If we are to have a safe school environment, it is important for us all to work together. We do NOT want a situation where a child is injured by a car in this area – one accident is one too many. I implore all parents to help us to keep the children safe.

HAPPY HOLIDAYS!

I would like to thank all of the staff, the children and the parents for helping to make this such a wonderful first term. I wish everyone a safe and happy holiday period and I look forward to seeing you again after the holidays, as I have no doubt that term two will just as exciting and rewarding!

FRESH FRUIT FRIDAY

Thank you so much to all the mums who have helped cut up fruit for the children.

The Fresh Fruit Friday program provides free fresh fruit for students in the early years. Luckily, there is so much fruit that the Level 3 and 4 students are also able to enjoy a platter of fruit.

Thanks to: Simone, Rebecca, Melissa, Nicole, Hotaia, Katherine, Laurie and Angela. Apologies if I have forgotten anyone. Your help is very much appreciated.

RECOUNT-LEVEL3 SPORT!!!!

On Wednesday the 18th of March we had Level3 sports. I am on the Shiners. We versed Team Blast in Netball on the basketball court. The teacher that was helping us was Miss Millard. Adele my friend was on the other team. I was WA and GS. They stand for Wing attack and Goal shooter. I got to stand with Adele when I was GS. Some people in my team were Sean, Julianne and Catlin! They are really nice people. Our team lost. The other team got a goal, but our team didn't get one. It was a really, really fun game to play. After we finished, we all had some time to try to shoot a goal, but I couldn't get it in. One more thing, I did not want to stop playing because I had so much fun playing Netball. I want to join a netball team! It was so much FUN!!!

SOCCER

Hi I'm Lachlan I like doing a lot of things but my favorite hobby is soccer. I play indoor and outdoor. Every year starting from under 11's you try out for the **A** team which is the fantastic team. When you get into the **A** team you play against high level teams and it gets really competitive. In under 11's there is offside. I know some of you are wondering what offside is. Offside is when you run to get the ball when the person hasn't past it to you.

Now to tell you about a throw in when you throw in you must have the ball behind your head at all times. When you throw in you must have both feet on the ground.

now here's a little thing I got into the **A** team, AWESOME. Oopppssss, now back to the soccer let's go onto. How many people are on the field? There are 9 people on the field 2 strikers 3 midfield 4 defense and 1 goalkeeper. What should I do know? I know I will tell you about the rules. Number one: you must wear shin guards to protect your shins. Number two: there is no tripping in the game at all. Number three: there are no putdowns. I hope you guys like reading it but I got to go bye.
