

Level 1 and 2 News

Welcome to a new school year! We look forward to working with your child over the coming months and aim to provide learning experiences to develop each individual educationally, socially and emotionally. A child's learning is a partnership between the school and parents. If you need to ask questions or inform your child's teacher, you can do so in the morning before school (classroom doors open at 8.50am), after school, by arranged appointments or email.
